ACADEMIC BACKGROUND

California State University, Long Beach

- ❖ Bachelor of Science in Business Administration – Marketing

Graduated May 2015

PROFESSIONAL EXPERIENCE

HellaDefined Clothing Company, Long Beach, CA

2016 - Current

Front End Developer (Contract Job)

- ❖ Worked directly with the CEO to make a readily functionable website with the content and design desired.
- ❖ Personalized his images as well as created content like a newsletter for subscribing consumers. I designed multiple layout and themes for him to choose and then adjust specificities to his preference.
- ❖ Created a working E-commerce that would link to his bank account and also ensure it to be mobile friendly.

OEC Group, Cerritos, CA

2015 – 2016

Accounts Payable Specialist

- ❖ Demonstrated business acumen of readily mastering and operating new software programs. (Freight Stream Software)
- ❖ Performed at an extremely high accuracy and efficiency rate for receiving, verifying and processing invoices with a value of a quarter million dollars weekly.
- ❖ Worked with corresponding divisions such as Accounts Receivable and Sales to effectively complete the task at hand thus further developing a better teamwork skillset.

Class 302, Cerritos, CA / Cha2o, Cerritos, CA

2011 – 2014

Restaurant Server

- ❖ Designed training program in order to facilitate work flow and to fulfill the organization's needs.
- ❖ Displayed time management, customer service, and communication skills to help generate revenue.

PROJECTS (All projects are displayed on www.JlinProjects.com and are mobile friendly)

HellaDefined Clothing Company

For Helladefined Clothing, I used Wordpress, E-commerce, CSS3, Photoshop, and Illustrator to generate a functioning website for the CEO to buy and sell his products adjusting everything according to his specificities

Adopt-A-Corgi Mockup

With WordPress and the plugins, widgets, themes, and CSS3 I was able to made an online Corgi Mockup shop

RGB Color Game

Using Javascript, CSS3, HTML5, and DOM Manipulation I created a random color generator guessing game.

Photo Art Gallery Mockup

Utilizing Bootstrap, CSS3, HTML5, jQuery, and Photoshop I made a Photo Art Gallery Mockup.

Bachi Burger Mockup

Using SASS, CSS3, HTML5, jQuery, Font-Awesome, and Media Query I created a Bachi Burger Mockup

INVOLVEMENT

Information System Student Association

2013 – 2015

- ❖ Attended weekly meetings to learn from guest speakers and develop close relationships with colleagues.
- ❖ Participated in club events as well as help the social media vice president coordinate activities.
